

The right formula

Taking driving into the classroom

Driving Skills – Theme 2: In-car protection

Activity 2a

Protection for race drivers

- Find out about each of the car safety features listed below.

Car frame (also called 'survival cell')

Easy access to the cockpit

High cockpit sides

Roll bar

Seat restraint

Flexible fuel tanks

Fire-proof clothing

Crash helmet

- Write a short paragraph on how each feature helps keep the driver safe and under which circumstances. You can use pictures or diagrams to illustrate your points.
